1 AN ACT *to create* 16.964 (19) and 20.505 (6) (kw) of the statutes; **relating to:**  
2 disabled offender recidivism reduction pilot programs, and making an  
3 appropriation.

***Analysis by the Legislative Reference Bureau***

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft was prepared for the Joint Legislative Council's Special Committee on Review of Emergency Detention and Admission of Minors Under Chapter 51.

The bill creates a pilot program to assist eligible offenders in county correctional facilities. The pilot program will assist the offenders in obtaining certain benefits upon their release from the facility to help reduce recidivism after release. Under the bill, an "eligible offender" means an incarcerated person who was previously eligible for or who may, upon release, become eligible for, social security disability insurance (SSDI), supplemental security income (SSI), or medical assistance (MA), including any applicable MA-related program. Under the bill, a "county correctional facility" means a county jail, house of correction, or rehabilitation facility, whether operated by one county or more than one county. Also, under the bill, a county correctional facility may include a state-local shared correctional facility.

Department of Justice (DOJ)

**SENATE BILL 125**

The bill directs the office of justice assistance (OJA) to seek funding for the pilot program and, after at least \$300,000 in funding has been obtained, to make grants to up to four counties to administer the pilot program. The bill provides that grants made to counties may not supplant existing local resources.

Under the bill, a county may be eligible for a grant award if the county's pilot program will:

1. Identify eligible offenders in county correctional facilities who wish to apply for the targeted benefit programs.
2. Provide individualized assistance to the offenders in applying for the targeted benefit programs to allow the offender to receive the benefits immediately upon the date of the offender's release.
3. Include coordination among the county, law enforcement, the department of corrections (DOC), the department of health services (DHS), and the social security administration to reduce application processing times and increase application success rates.
4. Operate for at least 2 years and include performance outcome measurements and data collection to allow for the evaluations that are required under the bill.

The bill also allows OJA to establish additional eligibility requirements, criteria, and procedures that a county must meet in order to be eligible for the program. OJA must collaborate with DOC and DHS in establishing eligibility criteria, selecting grantees, determining amounts awarded, and administering the grant program generally. The bill expressly provides that OJA is not required to promulgate administrative rules in establishing criteria for the grant program.

Under the bill, a county that receives a grant for a pilot program must create an oversight committee to advise the county in administering and evaluating the pilot program, consisting of: (1) a representative of the county; (2) the county sheriff or his or her designee; (3) a representative of the county human services department, social services department, or community programs department; (4) one or more representatives from private service organizations; (5) one or more consumers with program eligibility experience; and (6) other members to be determined by the county. Under the bill, a "consumer with program eligibility experience" means an individual who previously obtained eligibility for SSDI or SSI, as applicable, and MA or an applicable MA-related program, or a member of the family of an individual who previously obtained eligibility for those programs. The bill provides that DOC and DHS may participate in the activities of the oversight committee and must provide consultation services to the oversight committee.

The bill allows 2 or more counties to administer a joint pilot program. The bill provides that counties applying jointly must submit a written agreement specifying each county department's role in the program, and if a joint pilot program is created, the oversight committee must consist of representatives from each county.

The bill requires pilot program grants to be awarded on a calendar year basis, and grantees must get notice of funding no later than September 1 of the year preceding the year for which the grant will be made.

Under the bill, a county that receives a grant for a pilot program must comply with state audits. In addition, the county, in collaboration with DOC, DHS, and the oversight committee, must conduct a preliminary evaluation of the pilot program as of the conclusion of the first year, and a comprehensive evaluation of the pilot program as of the conclusion of the second year. Both evaluations must provide an assessment of the pilot program's operations, including its success at achieving the goals of the program as

## SENATE BILL 125

outlined in the bill. The preliminary evaluation must be submitted in writing to ~~OJA~~ and each member of the oversight committee by the February 15 following the conclusion of the first year. The comprehensive evaluation must be submitted in writing to the same recipients by the February 28 following the conclusion of the second year.

Under the bill, by the March 15 following each year in which a pilot program is in operation, ~~OJA~~ must, in collaboration with DOC and DHS, submit a report to the legislature summarizing the results of all pilot program evaluations and including recommendations regarding how the program should be structured in the future.

The bill specifies that most of its provisions would take effect the day after its publication as an act; however, the requirement that ~~OJA~~ award grants to counties to administer the pilot program would not take effect until after ~~OJA~~ receives at least \$300,000 in funding for the program.

SECTION 1. 16.964 (19) of the statutes is created to read:

16.964 (19) (a) In this subsection:

(a) 1. "Consumer with program eligibility experience" means either of the following:

1. a. An individual who is or who has been eligible for social security disability insurance or supplemental security income, and who is or who has been eligible for medical assistance, including any applicable medical assistance-related program.

2. b. A member of the family of an individual who is or has been eligible for social security disability insurance or supplemental security income, and who is or has been eligible for medical assistance, including any applicable medical assistance-related program.

(L) 2. "County correctional facility" means a county jail, a county house of correction, or a rehabilitation facility established under s. 59.53 (8), whether operated by one county or more than one county. A county correctional facility may include a state-local shared correctional facility under s. 302.45.

(C) 3. "County department" means a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437.
